Madam:

In response to the Office Action dated December 13, 2004, having a shortened-
statutory response period extending through and including March 12, 2005, please enter the
attached amended specification and drawings, and consider the following remarks:

Introductory Comments:

This application has been carefully reviewed in light of the Office Action of
December 13, 2004, wherein:

- A) Specification: The disclosure was objected to because of the following
informalities: on page 8, line 5 insert --of-- after "by means".
- B) Drawings: The drawings were objected to under 37 CFR 1.83(a). The examiner
stated the drawings must show every feature of the invention specified in the
claims. Therefore, the threaded rod, threaded tube, and "first end of pneumatic
bag line being pneumatically connected to threaded tube" in claim 4 must be
shown or the features canceled from the claim(s).
